Describe product features:

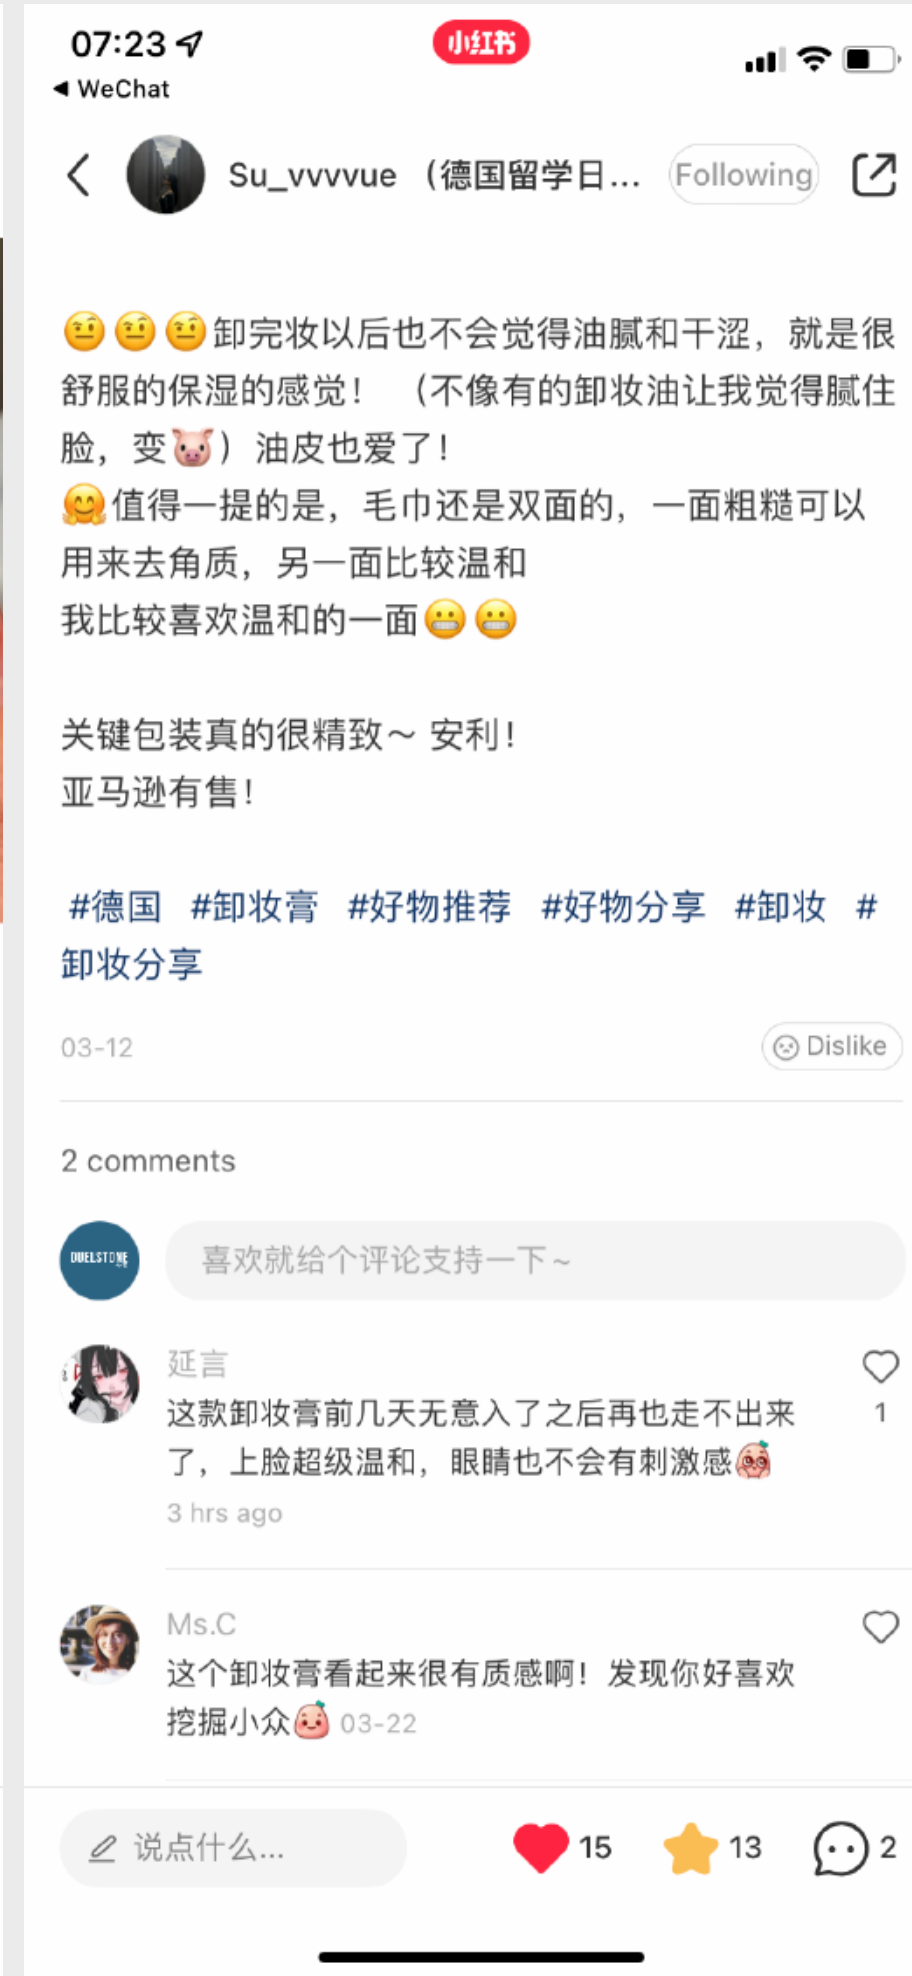

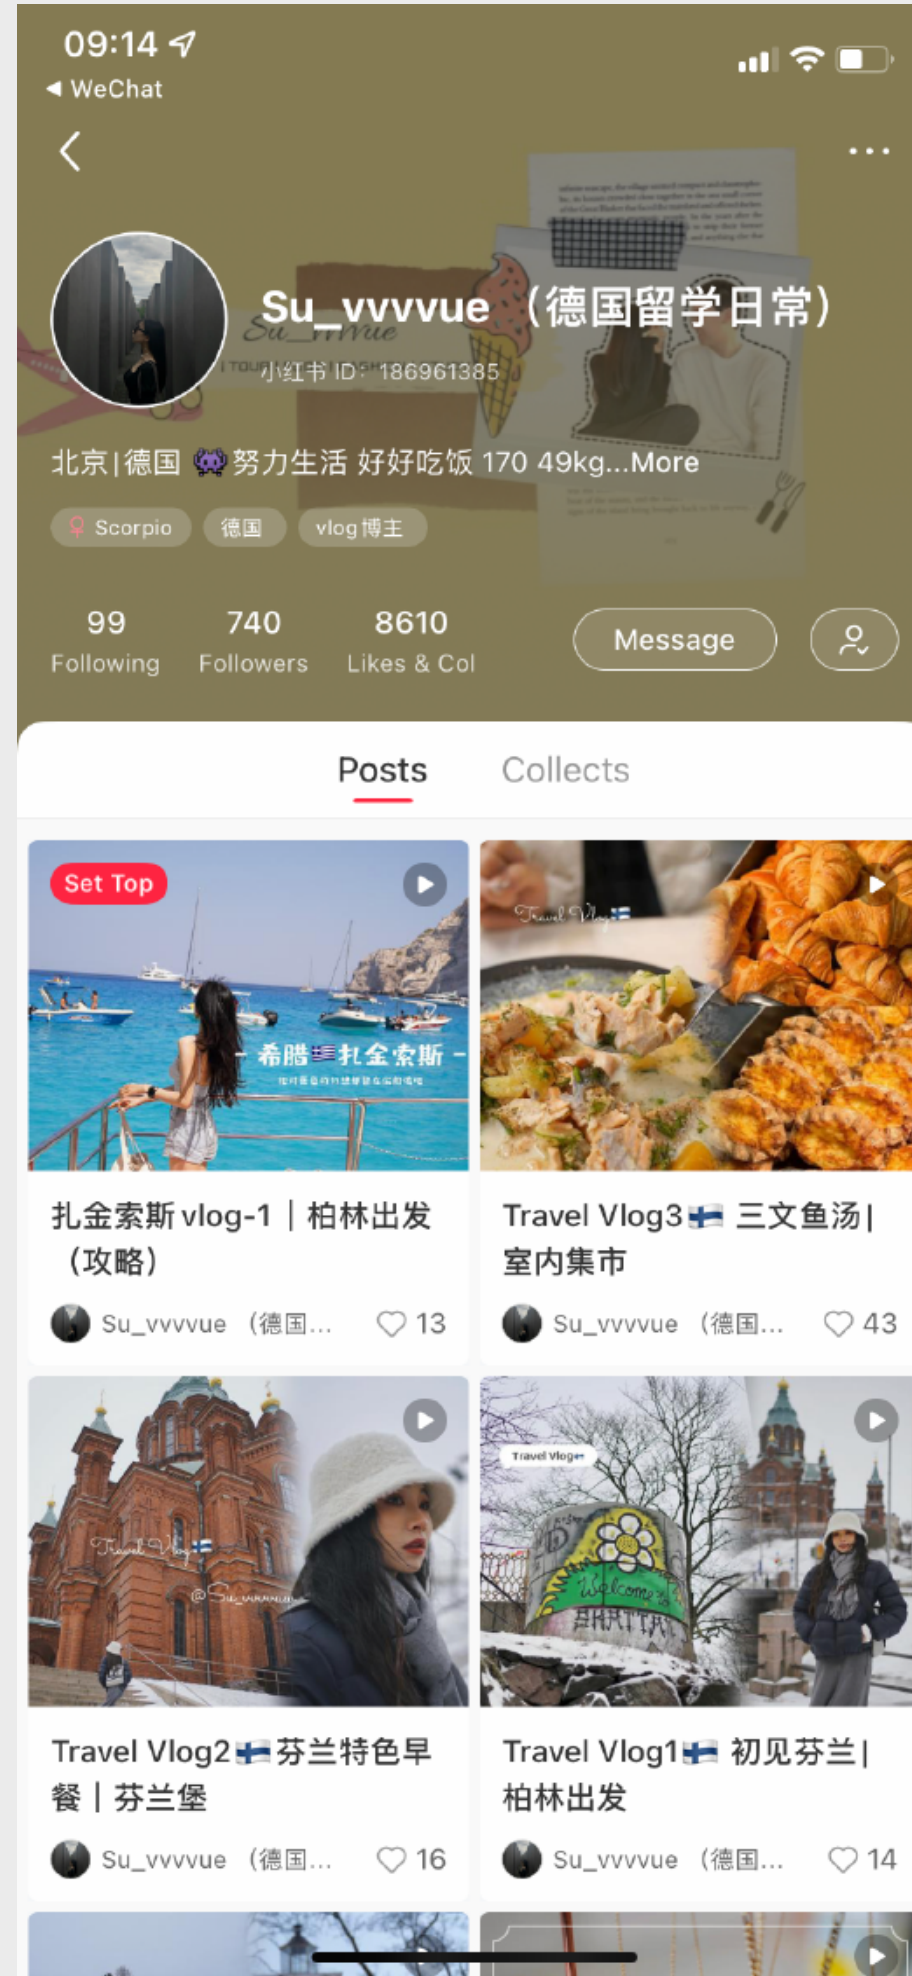

A classmate in the UK recommended this EH makeup remover to me.

I have dry skin, and I have used other makeup removers before and my skin feels dry.

I used this makeup remover, applied it, and it was oily. I only washed it off after 10 minutes, because I felt that it still has the effect of a mask. After washing, my face is very comfortable, and the makeup remover is very clean, not irritating, matching Small face towel is very intimate.

Describe product features:

I use this makeup remover every day . Every time you need to use the matching small towel, one side of the towel is a scrub surface, which can exfoliate.
